

20 OCT 1992

Republic of the Philippines
HOUSE OF REPRESENTATIVES
Quezon City

CONGRESS

FIRST REGULAR SESSION

House Bill No. 3874

Introduced by Congressman Ferdinand R. Marcos II

EXPLANATORY NOTE

Roads serve as links of production centers or farms to trade centers or markets. Thus, roads in rural areas encourage the growth of trade and commerce activities which benefit rural folks. Such infrastructure also provide conducive condition for greater mobility of people whether for economic or other purposes.

This is the case with the Piddig-Solsona National Road Piddig and Solsona towns in the province of Ilocos Norte.

Yet the havoc and devastation wrought by Typhoon Maring last September 1992 halted temporarily such mobility and economic activities. This is further aggravated by the destruction of the Piddig-Solsona National Road National Road which is very vital to the two towns' trade and commercial ventures. The National Road is completely unpassable by vehicle and needs immediate repair.

In line with the above pertinent considerations, this bill seek the restoration of the approach fill and stone masonry protection with sausage apron of the Piddig-Solsona National Road located in the Municipalities of Piddig and Solsona, Ilocos Norte.

Considering the inadequacy of Ilocos Norte's local government funds to immediately repair and rehabilitate the Piddig-Solsona National Road, assistance from the National Government is earnestly requested by way of approval of this bill.

Ferdinand R. Marcos II
Congressman
2nd District, Ilocos Norte

Republic of the Philippines
HOUSE OF REPRESENTATIVES
