House Bill No. 3875

Introduced by Congressman Ferdinand R. Marcos II

EXPLANATORY NOTE

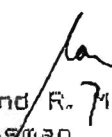

Roads serve as links of production centers or farms to trade centers or markets. Thus, roads in rural areas encourage the growth of trade and commerce activities which benefit rural folks. Such infrastructure also provide conducive condition for greater mobility of people whether for economic or other purposes.

This is the case with the Upon-Cabaroan Road of Pinili town the province of Ilocos Norte.

Yet the havoc and devastation wrought by typhoon Maring last September 1992 halted temporarily such mobility and economic activities. This is further aggravated by the destruction of the Upon-Cabaroan Road which is very vital to the town's trade and commercial ventures. The road is partially damaged and is now passable by small and light vehicles.

In line with the above pertinent considerations, this bill seeks the gravel surfacing and construction of box culvert for the Upon-Cabaroan Road located in the Municipality of Pinili, Ilocos Norte.

Considering the inadequacy of Ilocos Norte's local government funds to immediately repair and rehabilitate the Upon-Cabaroan Road assistance from the National Government is earnestly requested in the way of approval of this bill.
